MOMENT OF SILENCE RECOGNIZING THE PASSING OF THE
HONORABLE ELIZABETH FURSE

(Ms. BONAMICI asked and was given permission to address the House for 1 minute.)

Ms. BONAMICI. Madam Speaker, I rise today, joined by my colleagues from the Oregon congressional delegation and others, to announce the passing of our esteemed former colleague, Congresswoman Elizabeth Furse, who represented the First District of Oregon—the district I am honored to represent—from 1993 to 1999.

Congresswoman Furse was not only a friend, but a mentor. My first experience volunteering for a political campaign was during her reelection in 1994. She inspired dedication to worthy causes, including cofounding the Oregon Peace Institute. She embodied the traits public servants should strive to uphold, to meet the needs of their community and drive meaningful change.

Our world, especially northwest Oregon, is a better place because of Elizabeth's tireless devotion to improving the lives of those around her.

On behalf of the Oregon delegation and all who served with Elizabeth and all who are present, I express our sincere condolences to her family and friends. I ask that the House observe a moment of silence in her memory.

MAKING AMERICAN LIVES BETTER

(Mr. MALINOWSKI asked and was given permission to address the House for 1 minute.)

Mr. MALINOWSKI. Madam Speaker, it is good to be able to stand on the House floor and speak, not about the crisis of the day or even my hopes for tomorrow, but about something this Congress has delivered to make people's lives better.

When I first ran for this job, the number one demand I heard from voters was to make healthcare more accessible and the Affordable Care Act more affordable. With the American Rescue Plan, that is what we have done in a major way.

By increasing ACA subsidies and capping premiums, we are enabling the typical middle-class family with mar-

ketplace coverage to save hundreds of dollars a month. A 60-year-old couple making \$75,000 a year will save almost \$1,400 a month. That is life-changing.

Now we just have to make this permanent; to keep the promise that no American should be crushed by the cost of their healthcare; and to give people hope that, if they continue to vote for better government, they will continue to get it.

HONORING LUIS PALAU

(Mr. CLOUD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLOUD. Madam Speaker, I rise today to honor Luis Palau, a minister and evangelist from Argentina, who eventually called the United States home.

Luis Palau passed away on March 11, 2021, leaving behind a legacy of faith, hope, and love.

His work as a passionate representative for Christ, and one of the most influential international evangelists in history, earned him the nickname of the "Billy Graham of Latin America." He shared with Graham the conviction to make disciples of all nations, as Scripture commands.

His home country of Argentina, much of the Spanish-speaking world, and the United States came to know and respect him because of his faithful preaching, evangelism, and work to unite Christians and reach all peoples of all backgrounds.

With a career that spanned over a half a century, he shared the good news of the Gospel of Jesus Christ with millions of people throughout television, radio, print, and live events. His platform enabled him to speak with and influence many political and military leaders.

In spite of all that, he once said: "I've never thought of myself as someone special. I'm just a kid from a cow town in Argentina. Yet God grabbed my heart at a young age and chose to use me to share His good news."

One of his favorite Scriptures, which also begins the movie about his life, is James 4:10, which says: "Humble yourselves before the Lord, and He will lift you up."

It is a good reminder for all of us.

May his family be comforted during this time.

ACHIEVING THE GOAL OF A
CLEAN AND HEALTHY ENVIRONMENT

(Mr. CASTEN asked and was given permission to address the House for 1 minute.)

Mr. CASTEN. Madam Speaker, the time for action is now. No longer can we substitute slogans for solutions. The protection of the environment offers America its best hope. Achieving the goal of a clean and healthy environment must be done by every Amer-

ican. We can reach this goal in this decade. And in reaching it, we can trigger a chain reaction of confidence and hope.

Those are the words of Bill Ruckelshaus on this day 50 years ago; a Republican; the first Administrator of the EPA under Richard Nixon, and then again under Ronald Reagan; the man who implemented the Clean Air Act amendments of 1990.

His successor under George H.W. Bush was Bill Reilly, who implemented the Acid Rain Program and the Montreal Protocol, a global, market-based cap and trade program. These men knew that science and our obligations to future generations are not negotiable. They tolerated no conflict between conservatism and conservation.

Sixty percent of all the greenhouse gas emissions we have ever emitted as a species have been released since that speech Bill Ruckelshaus gave 50 years ago today.

Madam Speaker, the time for action is now.

PARTISAN INFRASTRUCTURE

(Mr. HILL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HILL. Madam Speaker, I rise today to draw attention to what has become the new normal here in Washington, D.C.

Despite talks of bipartisanship and unity, Democrats have turned to a partisan, top-down, rampant spending style of governing with President Biden's infrastructure vision as the latest example.

The fact is that the President's \$2.3 trillion infrastructure vision really isn't about infrastructure at all. Only 5 percent is proposed for roads and bridges, and only 2 percent for airways, waterways, and ports. Instead, Democrats have proposed spending over half a trillion dollars on Green New Deal-style programs to fulfill a far left wish list.

What is their solution for paying for all of this?

Increasing your taxes.

The tax hikes to fund this spending spree will only hurt workers and result in lower wages and suppressed economic growth.

Madam Speaker, I encourage my friends on the other side of the aisle to stop posturing and work with us on this side of the aisle. Madam Speaker, we are ready to work with you across the aisle on a package that will truly make a difference to my constituents in Arkansas and people across our great Nation.

EARTH DAY

(Ms. BROWNLEY asked and was given permission to address the House
